- **Core Service Agencies** - For assistance with basic emergency needs, contact the local Core Service Agency serving your area (see table below). Core Service Agencies provide a wide variety of services including serving as access points for shelter and homeless services; providing referrals and resources for material goods, transportation programs, and food; and for eligible residents, the Core Service Agency may be able to provide emergency financial assistance to maintain their housing or meet other essential needs. **Note:** Emergency financial assistance funds are limited, and applicants must meet the eligibility criteria and complete the application process to be considered.

FINANCIAL ASSISTANCE APPLICATION PROCESS

**WHAT TYPE OF ASSISTANCE CAN I APPLY FOR?** Emergency Financial Assistance can be requested to help pay for the following emergency needs, based on eligibility criteria and funding availability:

- Housing assistance such as deposits, rent or mortgage payments
- Utility arrears or deposits
- Transportation assistance such as car repairs vehicle registration or other transportation needs, if the transportation assistance is linked to critical needs
- Other essential needs, such as medical expenses, as determined on a case by case basis

**Funds are limited** and will be distributed based on eligibility and funding availability, through the Emergency Financial Assistance programs at the Core Service Agencies, including a new COVID-19 Emergency Financial Assistance program.

For applicants who are eligible, whether or not they receive assistance and if they do, what amount of assistance they receive, is dependent on factors such as their household’s income, resources, and need, and on the availability of funding, as funding is limited. **Note:** Payments are not given directly to applicants and instead will be made to third parties, such as a landlord, on behalf of approved applicants.

**WHAT ARE THE ELIGIBILITY REQUIREMENTS FOR THE NEW COVID-19 EMERGENCY FINANCIAL ASSISTANCE?** To be eligible to be considered for emergency financial assistance, an individual or household must meet **all** the following criteria and provide the requested documentation about their household’s financial and housing situation in order to support their application and be considered for funding:

- Be a San Mateo County resident; **and**
- Demonstrate financial hardship resulting from COVID-19 that makes it unable for your household to pay for basic needs, such as proof of reduction in income; **and**
- Demonstrate a household income within the past 30 days at or below the income eligibility threshold (see table on next page); **and**
- Demonstrate financial need such as a letter for past due rent from a landlord, past due utility or medical bills, emergency car repair or vehicle registration which if not addressed would create hardship for the household; **and**
- Ability to maintain housing/have a plan in place to maintain housing which will be determined on a case by case basis.

**Note:** All residents who meet the eligibility requirements, regardless of citizenship or documentation, status may apply.
WHAT IS THE APPLICATION PROCESS?
